

ATLAS

professional parasol for demanding gastronomy operations

We present the Atlas parasol - a premium solution for all restaurants, pubs, beer gardens, and summer venues that require maximum functionality and professional design.

Key benefits:

- Large 4x4 meter canopy provides perfect shading for large outdoor areas.
- Robust aluminum profiles ensure long-term durability and stability even in challenging weather conditions.
- Innovative opening system for maximum comfort and quick handling.
- Easy and quick arm replacement - minimizing downtime and maintenance.
- With extensive branding possibilities, perfect for breweries, restaurants, and other establishments in the HoReCa sector - make it truly yours through complete personalization..
- Arms finished with special plastic end caps with adjustable straps allow adapting the fabric tension to current weather conditions, preventing tearing.
