UNKNOWN NORDIC

BAS
FURNITURE

UNKNOWN NORDIC

Unknown Nordic is a Danish design and manufacturing company with roots in Scandinavian design traditions. We create functional and aesthetic products of high quality, made to last.

At Unknown Nordic, we specialize in transforming volcanic lava stones into unique products. For millions of years, nature has produced lava that forms the Earth's crust. We retrieve these stones and shape them into distinctive products.

All our products are handmade, making each one unique. The shape remains the same, but the patterns vary depending on the hands that craft them.

A key feature of our design is the open pattern, reflecting the influence of nature and inspired by animals that find comfort and safety in treetops, we aim to bring this feeling into our designs. Sitting in one of our Bios Hanging Loungers gives you the same sense of comfort and security.

OUTDOOR LIVING

Your outdoor space is an extension of your home, offering a chance to connect with nature, entertain guests, or simply relax. The key to making the most of your outdoor spaces is choosing the right furniture and accessories. Well-made and carefully selected outdoor products can transform a simple yard or patio into a stylish and comfortable retreat.

Outdoor furniture must withstand the elements, so it's important to choose materials that are weather-resistant. Our furniture, made from basalt fibers combined with bio-resin, is designed to resist rain, sun, salt, chlorine, and temperature changes.

Unknown Nordic outdoor furniture is easy to clean and requires very little upkeep, giving you more time to enjoy your outdoor space and less time on maintenance.

No matter if you have a large garden, a cozy balcony, or a small patio, we offer outdoor furniture solutions to fit every space and style. Invest in quality furniture and accessories from Unknown Nordic and turn your outdoor spaces into a sanctuary you can enjoy all year-round.

Lava Nest Fire Pit, Only Chair, Race Table and Bios Nest

PROPERTIES OF VOLCANIC BASALT FIBER PRODUCTS

Products made from volcanic basalt fibers offer exceptional properties. In addition to allowing us to create organic shapes, the most notable properties include:

- Weatherproof
- No maintenance
- Extreme strength
- Very long lifespan
- Resistance to salt & chlorine
- Heat absorbing
- UV resistant

The award winning designer Raimonds Cirulis has excelled in developing the technology allowing us to create spectacular natural shapes and airy patterns without compromising the quality and safety. In fact we guarantee a weight load of 250 kg inside every one of our Bios Hanging chairs.

The collection from Unknown Nordic is the perfect choice for any outdoor setting. We offer both organic and elegant, streamlined designs, all of which can be customized in terms of pattern and color to suit your personal style.

The furniture showcased on this beautiful terrace includes:

- Lava Lounge
- RKL2500 Dining Table
- RKL1 Dining Chair
- Planter Circle D100
- Bios Hide
- Planter Square
- Well Chair

SPA AREAS

The furniture is ideal for spa areas, as it is resistant to both salt and chlorine. The Bios collection includes four models, offering seating for 1 to 3 people. Each Bios piece is tested to support up to 250 kg and is certified for use in both public and commercial spaces.

Bios Hide

Lava Sun Lounger

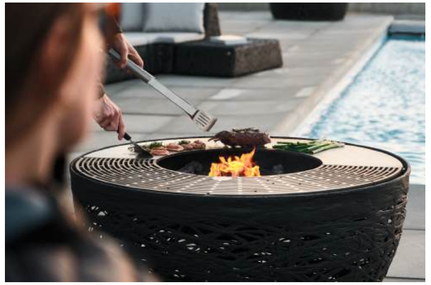

LAVA NEST FIRE PIT

Introducing the Lava Nest Firepit, a stunning fusion of steel and lava stone that brings both style and functionality to your outdoor space.

The Lava Nest FirepitT is more than just a beautiful piece – it is designed for performance. Its stainless steel cooking surface provides ideal conditions for outdoor cooking, while the lava stone elevates both the safety and experience.

Besides being aesthetic the use of lava does wonders for the product. The outer shield of lava protects people and especially children from the hot steel surfaces. The design of the LAVA NEST FIRE PIT is made so that the shield of lava will only obtain a minimum of the high temperatures created by the fire. Actually it will offer a comforting warmth when used on a cold day.

COMFORTABLE SEATING

The furniture collection from Unknown Nordic features chairs with excellent ergonomics. The intriguing patterns and organic shapes make these chairs an eye-catching addition to any space.

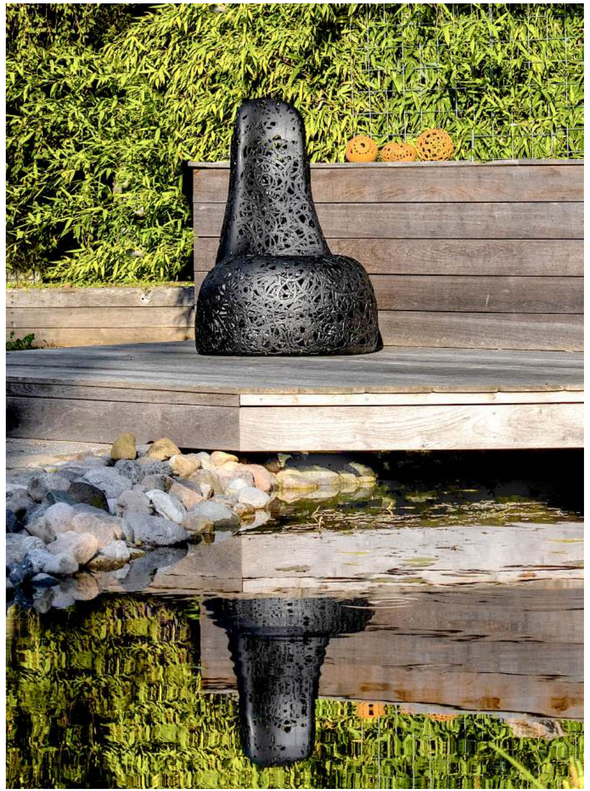

You can sit comfortably on the black surface, as the material absorbs heat, making it far more resistant to the sun's impact than most other materials. However all chairs can also be fitted with luxury outdoor cushion for the best possible comfort.

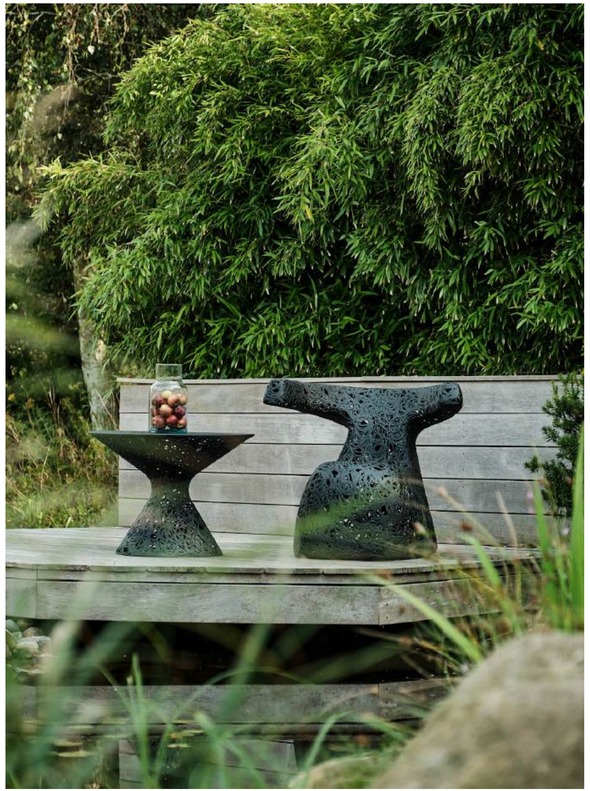

Stellar Chair and Race table

Lava Sun Lounger

Well Chair

Hug Chair

RKL1 CHAIR

The RKL1 dining chair from Unknown Nordic combines comfort, durability, and style, making it ideal for outdoor dining. Designed for long-lasting comfort, it allows you to enjoy your evening without compromising on support. Made from maintenance-free basalt fibers and stainless steel, the RKL1 is built to withstand outdoor conditions year-round. Its ergonomic design and sturdy materials ensure a practical, stylish seating solution for any outdoor dining space.

RKL TABLES

RKL1 dining chair can be combined with the rectangular RKL 2500, RKL 3000 or the circular RKL D120, RKL D160 dining tables.

THE BIOS COLLECTION

The Bios Hanging Chairs are truly the most eye-catching furniture pieces, offering the perfect blend of aesthetics and functionality.

These hanging chairs come in four different sizes and shapes, accommodating 1-3 people. They are fully weatherproof and can stay outside all year round. With the cover on, they can even be used during winter.

BIOS HIDE

The Bios Hide is a truly exceptional piece, offering a spacious and cozy retreat for 2-3 people. With its stunning design and intricate detailing, it not only catches the eye but also provides incredible comfort. Built to last, the Bios Hide is tested to support up to 250 kg, ensuring both safety and durability, making it the perfect outdoor sanctuary.

THE NEW MINERAL COLOUR

Unknown Nordic introduces MINERAL, a sophisticated new colour created to bring a calm, natural elegance to contemporary outdoor spaces.

Inspired by the subtle tones of stone, sand and raw minerals, MINERAL has a refined, understated character that blends effortlessly with modern architecture, lush landscapes and poolside environments. Its warm, neutral appearance allows the sculptural forms and distinctive textures of Unknown Nordic furniture to take centre stage.

The new MINERAL colour is available across the entire Unknown Nordic collection — from iconic hanging chairs and sculptural lounge furniture to tables and accessories. This makes it possible to create a beautifully coordinated outdoor setting with a consistent and exclusive expression.

Natural. Timeless. Distinctive.

Discover the Unknown Nordic collection in MINERAL — a new shade of outdoor luxury.

BIOS NEST

The Bios Nest is perfect for one adult or two children. Its unique design creates a snug, cocoon-like atmosphere, making it incredibly comfortable and ideal for relaxing moments.

BIOS LUCID

The Lucid stands apart from the other Bios designs with its more open and airy structure, offering a sense of lightness and connection to nature. Designed for one person, it provides a comfortable and serene space to relax, blending seamlessly with its natural surroundings.

LAVA LOUNGE

LAVA LOUNGE

The LAVA LOUNGE is the ultimate blend of modern design and outdoor luxury. With its sleek modular system, you can customize the layout to fit any space or occasion. The combination of durable basalt fibers and soft, inviting cushions creates a perfect balance of style and comfort. Whether for lounging by the pool or entertaining guests, the LAVA LOUNGE offers a chic and versatile setting that transforms your outdoor space into a true haven.

Only & Race

RACE TABLE

The ideal small table for your balcony, poolside, or terrace. It pairs perfectly with all of our lava chairs, adding both functionality and style to any outdoor setting.

VIGGO TABLE 58 & 70

The VIGGO Table is an elegant circular side table designed to complement the exclusive outdoor collection from Unknown Nordic. Handwoven from basalt fibres and bio resin, its sculptural structure combines a refined aesthetic with exceptional durability and low maintenance.

Available in Ø58 cm and Ø70 cm, VIGGO adds a distinctive Nordic character to terraces, pool areas, lounges and outdoor hospitality environments.

LAVA SUN LOUNGER

Make a statement by the pool with the Lava Sun Lounger from Unknown Nordic — an eye-catching piece where sculptural design meets effortless relaxation.

With its flowing silhouette and distinctive woven structure, Lava Sun Lounger brings a sophisticated, contemporary character to outdoor spaces. Designed to look beautiful from every angle, it is equally at home on a pool terrace, in a luxury resort or as a striking feature in a private garden.

But Lava is more than an aesthetic piece. Its versatile construction and material allows it to be used both poolside and as an in-pool lounger, creating a unique place to relax while partially immersed in the water.

ACCESSORIES

PLANTERS

Selecting the perfect planters for your indoor or outdoor space is key to creating both beauty and functionality. Planters do more than just hold your plants - they enhance the overall aesthetic and elevate the look of your surroundings.

PLANTER D100 (Also available in D80 and D120)

PLANTER SQUARE 40, 60 and 80

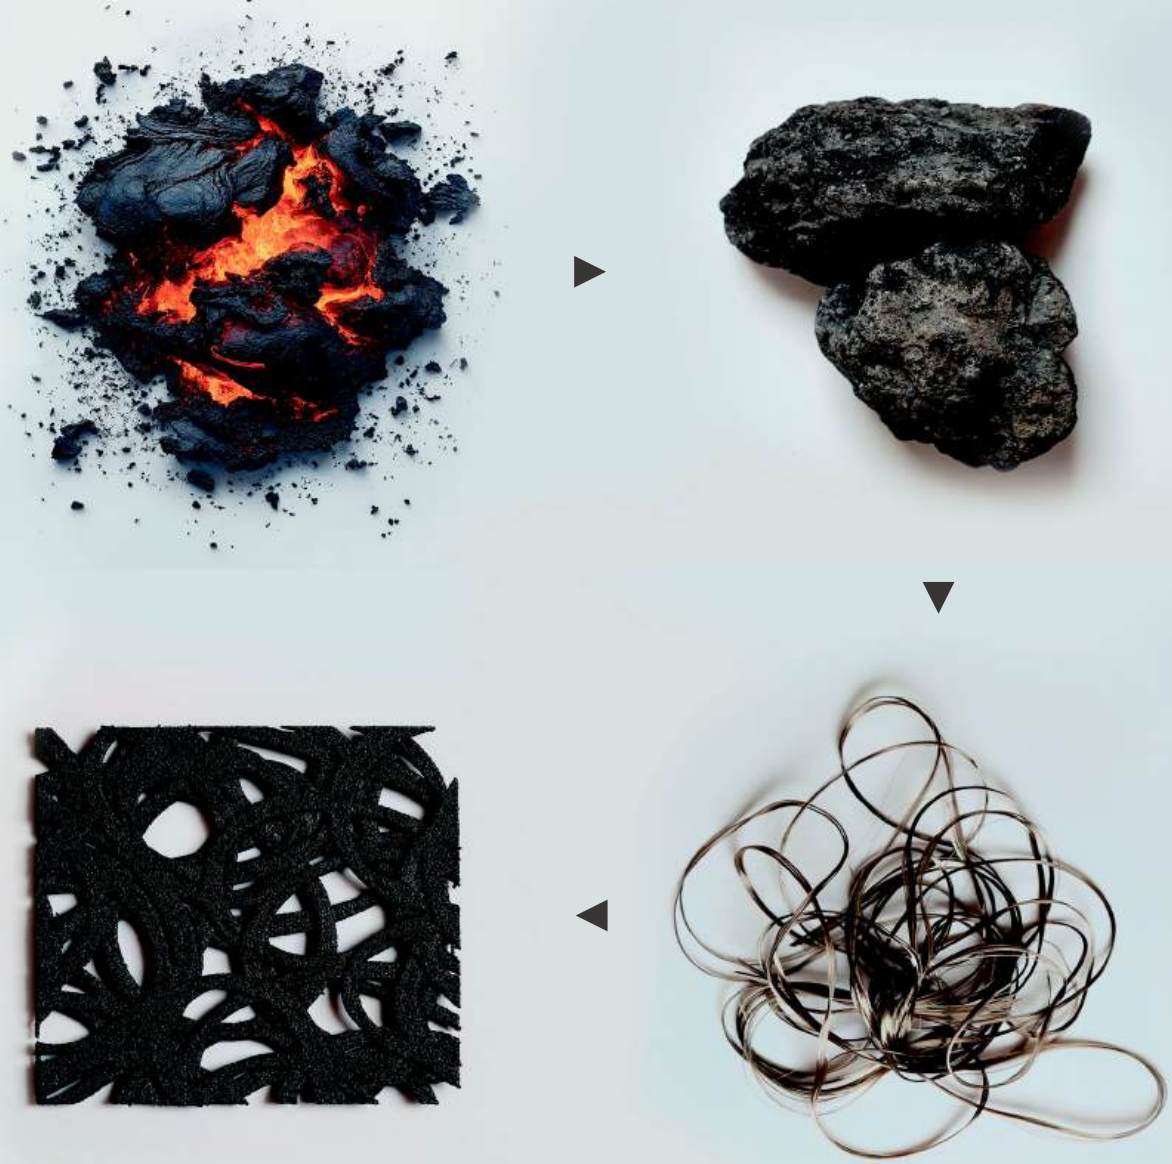

Sphere Set 50, 65 & 80 CM

SPHERE SET

The Sphere Set is a stunning decorative piece for your terrace or flower bed.
it creates the perfect atmosphere, adding a touch of elegance to any outdoor space.
