

HI, I AM EDDIE

**Your digital
revenue manager.**

I keep an eye on demand, market
movements, events & trends - 24/7.

Always on. Always ready.

I'm the AI assistant inside Brainy RMS

I'm built to support revenue managers
with fast, natural interaction.

Always on.
Always ready.

You're leaving revenue on the table.

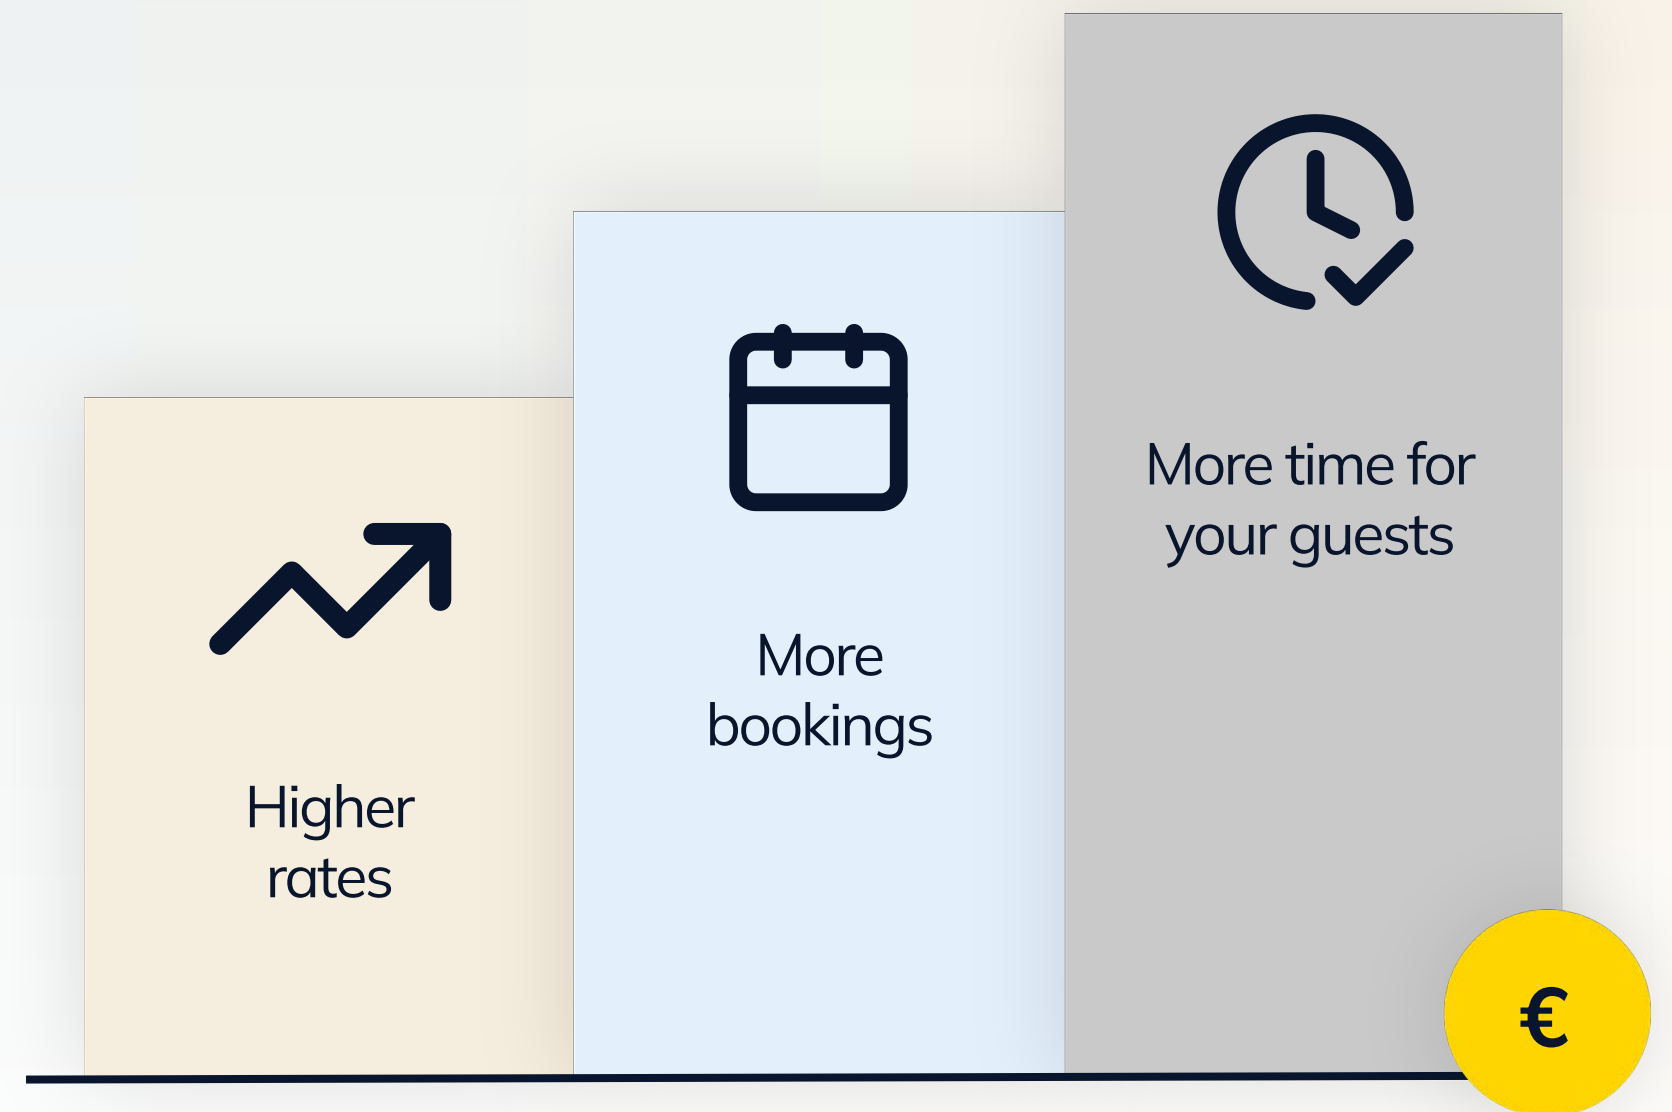

Put me to work, and you get:

Higher rates when demand is high.

More bookings when demand is low.

Less manual work. More time for your guests.

I'm here to keep answers within reach.

With conversational access to data,
without having to wait for the next meeting.

How did we
perform last week?

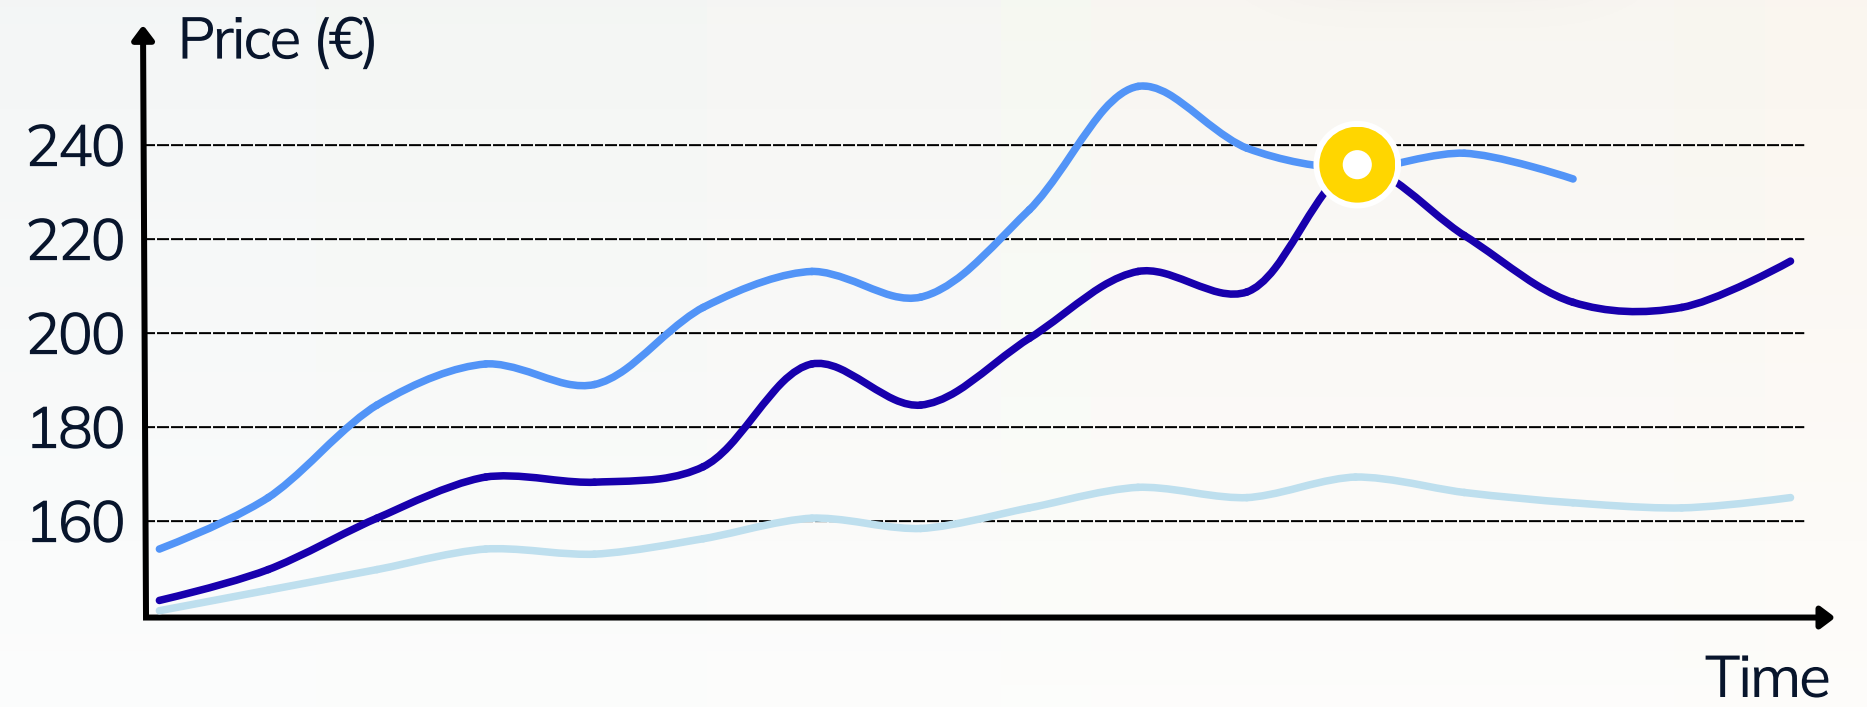

Occupancy 84%
Revenue up +12%

Pricing shouldn't feel like a guessing game.

Let me help turn complexity into clearer pricing decisions by keeping rates, competition and demand in view.

The smartest decision? Easy. It starts with me.

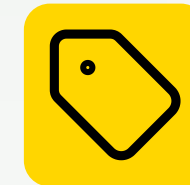

While others are still catching up, I'm already:

analyzing thousands
of data points

running real-time
calculations

supporting instant
pricing decisions

I make performance easier to follow.

With summaries and detailed reports in the format that works best for you.

From instinct to control.

With Brainy RMS, you gain:

10-25%
more revenue

24/7
optimization

Total
transparency

Hi, I'm Eddie.
I'm here to optimize
your revenue.
