Why preserved flowers

Natural flowers, treated with a plant-based, non-toxic and biodegradable preservation formula, allowing them to retain their natural character while significantly prolonging their lifespan.

- Lasts for 6-12 months or even longer without replacement
- 100% maintenance free – no watering, sunlight or any upkeep needed'
- Significant cost savings vs. fresh-cut flowers
- Pollen-free & allergy-friendly
- Versatile in colour, size & style
- Sustainable, eco-conscious choice

The sustainable choice

- 100% bio-degradable
- No refrigeration or cold chain transportation needed
- Minimal chemical use in production
- Far less waste than fresh-cut flowers
- No water required for maintenance
