

Born in Vienna.

Teapsy is more than a liqueur — a love letter to tea.

TEAPSY

JASMINE GREEN

This tea is the most refreshing of the four varieties. We've refined it with our Lady Jasmine Green Tea. With each sip, the delicate sweetness of jasmine blossoms dances with the distinctive umami of green tea, the two moving together to a passionate rhythm carried by alcohol. For a moment, it becomes hard to tell whether you're drinking a cup of tea or a glass of spirits.

Pairs well with:
Tonic water, lemon iced tea, lychee juice, Japanese sake, Sprite…

33% Vol Alc

EARL GREY BLACK

Earl Grey Teapsy is the most popular of the four varieties. Its intensely expressive notes of black tea and bergamot reflect the Austrian market's preference for aromatic black teas. Compared to the other styles, this expression is more dominant overall, with a particularly pronounced bitterness that gives it structure and depth.

Pairs well with:
Tonic water, cream liqueur, mate iced tea, ginger ale…

33% Vol Alc

From the very first sip, a deep, aromatic bouquet of carefully selected tea leaves unfolds — without distraction, without compromise. Pure, bold tea flavor, reinterpreted for the glass.

Vienna has always been a city of taste, culture, and connection. A place where cafés tell stories, drinks bring people together, and ideas flow as freely as conversation. In this spirit, Teapsy was created — made to be shared, enjoyed, and remembered.

Our recipe is simple yet uncompromising: premium tea, natural ingredients, and a production process that honors both tradition and innovation. The result? A liqueur defined by expressive tea character, shining in cocktails, mixed drinks, and especially in refreshing summer serves over ice. A drink equally at home in a rooftop spritz, a picnic bowl, or a quiet evening with friends.

For us, Teapsy is more than a drink — it's the creation of moments. Whether you're trying something new or keeping it classic, every glass is a reminder that the best flavors are born from passion, patience, and a touch of Viennese charm.

FORMOSA OOLONG

Oolong is a classic tea, traditionally enjoyed in Taiwan, Japan, and other parts of Asia. Known for its woody, smoky character, we have captured these qualities in their purest form and bottled them as a liqueur. As one of the few tea varieties without floral or aromatic additions, it is especially appreciated by tea connoisseurs for its depth, clarity, and authenticity.

Pairs well with:
Tonic water, apple juice, ginger ale, peach juice…

33% Vol Alc

KATA MATCHA

Teapsy Kata Matcha brings together the gentle strength and creamy texture of finely ground tea leaves with a clear, vibrant green freshness. Its harmonious interplay of depth and elegance opens up new possibilities — enjoyed neat over ice, lifted with soda, or as a refined base for modern cocktails.

Pairs well with:
Soda water, Sprite, sparkling wine, beer, Japanese sake…

22% Vol Alc
